- Wellington Mall has invited Justin Bartlett to our Halloween Show, they will be there will cute puppies dressed, for adoption. Megan is also working on getting a sponsor. She is meeting with Allstate. I will keep you posted. We are going to hire a company to erect a tent for this event. And hopefully everyone is working on their costumes

Mark has also been in touch with Quantum house and they will do face painting.

#### **Holiday Party:**

- We had some request to hire another venue for music. We now have 2. One for our cocktail and dinner hour and one to rock and roll! Remember the theme is "Speakeasy" Mel has kindly agreed to bring one of his "Mafia Car's" to adorn our front entrance and take pictures. If anyone sees Lucky Luciano, Al Capone, Bugsy Seigel, or Bugsy Moran, please invite them! Also reading up on Bootlegging, there were some females. Birdie Brown, Tillie and Maggie Bailey, Queen of the Mountain Bootleggers. Would also love to see these ladies attend.

I am looking for some volunteers to man gambling tables. Does anyone have any interest? We had fun with tables last year, but it was very expensive. Would like to try and put something together but I need help.       Rose

- December 1st - Santa arrives at Quantum House with club corvettes for the kids to see

- December 1st Christmas Festival : Marcia Kendal from St. Peter's United Methodist, Wellington, is hosting a 2018 Christmas Festival from 9-3:00 pm. This is our first year for the event which we anticipate will draw a great number of people, as we are located in the heart of Wellington. We would very much like to have the Corvette club participate. My thought is on the order of what we did at the church in West Palm Beach when we had 10 or more cars. In other words it will not be a judged show, but more of a fun day with crafts, silent auction, entertainment, vendors and food. A group of men at St. Peter's are well know for their grilling ability and chicken dinners will be available on the spot or for takeout.

Sincerely,
