Florida Corvette Specialty Plate Update:

As some of you probably know State Representative Don Hahnfeldt died suddenly a year and a half ago right around Christmas time. Before his untimely passing we were making progress with efforts to get legislation passed for a Florida Corvette Special Plate. When Don passed everything was put on hold till a new Representative was elected. There was no special election to fill Don's slot so we had to wait till the next election cycle.

Finally, a new person was elected to replace Don Hahnfeldt. Brett Hage was the winner and his goal was to push the legislative efforts that Don had not completed before his passing. While all this is going on, the Special plate was put on the back burner. But now we're getting back on the front burner and I have an appointment with Brett to go over the plate proposal with him this month, and all indications are that we're back and moving forward.

Here is how you can help!

Representative Hage's executive secretary, Nancy Bowers, has suggested to me that Corvette owners here in Florida should indicate to him (if they see him or know him) their support for a Corvette Special License Plate, or better yet, email Brett's secretary indicating your support for the plate and she will give the emails to him. Her email is Nancy.Bowers@myfloridahouse.gov
